

Before The Hackathon:

You need to be connected to Butterbase in order to submit your project, so set it up before the hackathon starts using the [Butterbase Setup Instructions](#) and allow at least 30 minutes for the submission process at the hackathon.

Sign up at dashboard.butterbase.ai

Setup, Build, & Submission Instructions:

- 🎬 1 . [Butterbase Setup Instruction](#)
- 🎬 2 . [Butterbase Build + Deploy](#)
- 🎬 3. [Submission Instruction](#)

***Always check with your host for the actual submission cutoff, though Butterbase submission may stay open after but your host may not accept late submissions.**

- **Deployment:** Butterbase(All projects must be submitted through Butterbase MCP for judging.)
 - With Butterbase, you can ship a live URL in **under 5 minutes** — no DevOps, no config. We handle your database, auth, storage, and deployment automatically so you can keep shipping.
 - **Step 1:** Sign up at dashboard.butterbase.ai and [connect MCP](#)
 - **Step 2:** Build your project using your favorite coding assistant
 - \$20 butterbase promo code is **[HAVEFUN0605]** (Only redeemable before the hackathon ends)
 - Enter promo code by selecting the launch plan under <https://dashboard.butterbase.ai/billing>
 - **Step 3:** [Submit via Butterbase](#)
 - Once your build is finished, paste this into your AI agent: *"Submit my project to the hackathon. Submission code:havefun0605"*
 - The hackathon slug is agentic-ai-Hackathon
 - Projects not built on Butterbase can still be submitted via the MCP for the hackathon.
